PREAMBLE

North Indian Sugarcane and Sugar Technologists Association (NISSTA) is conducting its fourth Annual Convention in collaboration with National Sugar Institute, Kanpur which is a premier institute rendering its services since 9 decades to sugar and allied industry in India by providing technical manpower, consultancy on technology, engineering, energy, water & environment, research & innovations in utilization and value addition of by-products. The North Indian Sugarcane and Sugar Technologists Association (NISSTA) is a group of professionals from the North Indian Sugar producing states viz. Punjab, Haryana, Uttar Pradesh, Uttarakhand, Bihar, Rajasthan with the objective of bringing the superior master minds together for sharing the high-end innovations and elite ideas with the knowledge yearning community. Product quality has assumed greater significance today due to changing consumer preference & market demand. It is the need of the hour to take up sugar production considering the sector-wise requirement & to compete in the international market. Value-addition, diversification & integration are to be seriously thought of to increase the revenue pot. The future of sugar industry lies in converting them into bio-refineries. In light of this, the convention shall discuss and try to find solutions for problems of the countries across globe especially Asian countries with reference to sugarcane production and sugar processing.
