

Training Programme

“Cleaner Technologies and Waste Minimization for Prevention of Industrial Pollution and Four R’s – Reduce, Reuse, Recycle and Recover”

DATE

20TH to 24th JANUARY-2020 (5 DAYS)

VENUE

NATIONAL SUGAR INSTITUTE, KANPUR

TARGETTED AUDIENCE:

Nominated delegates are the senior officers from State Pollution Control Boards and their Regional offices. Delegates from sugar and alcohol industries may also attend.

OBJECTIVE:

To create awareness about water & air pollution caused by sugar factories and distilleries.

To identify effective methodologies for water and air pollution control in sugar factories and distilleries.

To identify different modes and modules for effective reduction of air and water pollution in sugar factories & distilleries.

To provide suitable platform for SWOT analysis of these pollutions and their controls.

DISCOURSE:

The training programme is designed for 5 days. The participants will be addressed by the resource persons who are experts in the field. The selection of the resource person is such that it will balance academia and industry related to environmental issues. There will be industrial visit so as to have practical exposure on the issues related to environmental control. Also there will be SWOT analysis on pollution and their controls through group discussion.

The training shall bethrough:

- Theoretical Expositions
- Lab Analysis
- Group Discussions
- Field Visit
